

REMARKS

Claim 11 has been amended to correct the antecedent basis for the claim. Claim 10 refers to "nucleated propylene polymer." Claim 11 was meant to be amended to better refer to the nucleated propylene polymer of claim 10. Claim 11 had referred to a "nucleated polypropylene composition." In amending the claim, Applicants introduced the term "polymer," but neglected to replace term "polypropylene" with "propylene." Applicants note that "polypropylene" and "propylene polymer" mean the same thing, but wish to clearly indicate that the nucleated propylene polymer of claim 10 is identical to that of claim 11. No new matter has been added.

In view of the above remarks, all of the claims remaining in the case, including the newly amended claim, are submitted as defining non-obvious, patentable subject matter.
